

PRESS RELEASE

SPECTACULAR SALES SUCCESS IN OXFORD

Thomas Homes are pleased to announce the sale of the last remaining units at their current developments in Oxford. This includes a development of two 5-bedroom detached houses and twelve 1 and 2-bedroom apartments at Woodfield on Dean Court Road, Cumnor Hill and a further development of eleven 1-bedroom apartments located on Littlegate Street in central Oxford. Despite the reported slow down in the property market both developments have sold well and all sales were achieved before the developments were even fully completed.

The homes at Woodfield are set in spacious landscaped gardens which are set back from the main road in a quiet cul-de-sac. Cumnor Hill is just a stone's throw from the vibrant, cultural city of Oxford with good transport links to London and the Midlands. Surrounded by beautiful countryside with footpaths, bridleways and byways to explore, the location of these properties is hard to beat. The nearby villages of Cumnor and Botley offer a good range of shops, pubs and amenities, and there is an excellent choice of schools in the area. The first residents having recently moved into Woodfield are delighted with their spacious and stylish new homes.

The eleven apartments at Littlegate Street have each been cleverly designed for modern urban living with a separate bedroom, living room, bathroom and kitchen and have been finished to a very high specification, with security and space maximisation in mind. Each unit has a balcony and is fitted with a video entry system, wiring for cable TV, and a stylish sleek kitchen fitted with integral appliances in a stainless steel finish. Chris Brotherton, Land and Sales Director at Thomas Homes, said "the design and location of these apartments made them an excellent investment for owner occupiers and investors alike, interest in the development has been phenomenal".
